# Office Memorandum • UNITED STATES GOVERNMENT

TO : Project Review Committee

DATE: 7 June 1951

FROM : Comptroller

SUBJECT: ONE Proposed External Research Project

1. Approval of the proposed project for fiscal year 1952 is recommended.

2. Representatives of ONE have indicated that a detailed analysis of the estimated cost has not yet been possible pending final determination of project plans. It is recommended, therefore, that the proposed amount of \$60,000 be considered as a maximum figure in view of the time limitation placed on the project and the fact that preliminary arrangements must yet be made before the project can be initiated.

3. As the project will be administered by the External [REDACTED], it is proposed to establish a working fund advance with the [REDACTED] in the full amount required as soon as possible after the beginning of fiscal year 1952.

4. The 1952 Budget for ONE contains \$40,000 for a general External Research Program. It is believed that any additional amount required up to the maximum proposed of \$60,000 can be provided within the total funds estimated to be available to the Agency for fiscal year 1952. Use of vouchered funds is recommended.
